About me: Deep Learning enthusiast and Coder; looking for Security and Privacy through the lens of Machine Learning.

[**2021 - today**] **Research Fellow:**

Institute for applied mathematics “Mauro Picone” (IAC-CNR), Italy

[**2019 - 2020**] **Visiting Researcher:**

Stevens Institute of Technology, Hoboken, USA

Referent: *Giuseppe Ateniese*

[**2017 - today**] **Ph.D Candidate in Computer Science:**

Department of Computer Science; *Sapienza* University of Rome, Italy

Advisor: *Massimo Bernaschi*

[**2017**] **Master’s degree in Computer Science:**

Sapienza University of Rome, Italy

Final Grade: *110/110 cum laude*

Program of Study: *Network and Security*

Main research topics:

1. Password Security.
2. Adversarial Machine Learning.
3. High Performance Computing→GPGPU.

Preferred Tools:

1. python, TensorFlow.
2. C/C++, CUDA C++, MPI.

Personal projects:
